

Park Hill — Phase 4

Apartments

2 Bedrooms

1

Streets in the sky

Conceived in the 50's by Ivor Smith and Jack Lynn, these dual aspect apartments were modelled to curve around the hillside, cleverly maximising natural light.

2

A brutalist giant

Park Hill was Grade II listed in 1998 in recognition of its architectural and social significance. Live in the largest listed building in all of Europe.

3

Design led homes

Urban Splash and Places for People are working with Stirling Prize winning architects, Mikhail Riches, to add 125 new apartments to this thriving community.

4

A new view

Every apartment maximises space and light, and will be dual aspect with stunning views and outdoor space.

2

Welcome to Park Hill

Park Hill — Europe's largest listed building. A bold Brutalist icon that defines the Sheffield skyline. A thriving 21st-century neighbourhood, and a proper place filled with people, businesses, art and culture.

"Sheffield has been reinventing
itself as a northern capital of
cool. There's no bigger indication
of this than Park Hill."

The Sunday Times

Park Hill offers so much green space, you'll not know where to start.

Our vision has already come to life at Park Hill; we've created a well-established community and we only want to grow it.

Location

Park Hill is super easy to get to, just 5 minutes by foot from Sheffield train station, which will link you to routes across the country. Along with the tram stop, linking you all over the city. The main roads by Park Hill will provide easy access in and out of the city and just a short drive to the M1 and Peak District.

Being so close to the city centre, you can easily pop to the shops, enjoy the high street, and make the most of all the independent businesses right on your doorstep.

Distance to...	
Park Hill Provisions	On your doorstep
The Pearl at Park Hill	On your doorstep
South Street Kitchen	On your doorstep
Ponds Forge	0.2 miles
Sheffield Train Station	0.3 miles
Millenium Gallery	0.5 miles
Tudor Square, Theatres	0.5 miles
Sheffield Cathedral	0.6 miles
Sheffield Winter Garden	0.6 miles

Introducing Phase 4

Building on the success of three previously completed phases, Phase 4 will introduce 125 new homes to Park Hill alongside green spaces, EV charging and bike storage. Designed once again by the award-winning architects Mikhail Riches — the Stirling Prize shortlisted Phase 2 — it's your opportunity to be part of a growing, connected community in Sheffield's most iconic address.

Figure 1 displays three heatmaps showing the spatial distribution of the three most common species (Norwich, Long Henry, and Hague) across three time points (5, 1, and an unlabeled bottom row). The heatmaps are arranged vertically, with arrows indicating the direction of change between time points.

- Top Row (Time 5):** Shows a high concentration of the species in the top-left and top-middle cells (black), with a small white cell in the top-right. Arrows point up and down.
- Middle Row (Time 1):** Shows a high concentration of the species in the top-left and top-middle cells (black), with a small white cell in the top-right. Arrows point up and down.
- Bottom Row (Time 0):** Shows a high concentration of the species in the top-left and top-middle cells (black), with a small white cell in the top-right. Arrows point up and down.
